

# A DreamBox Partnership

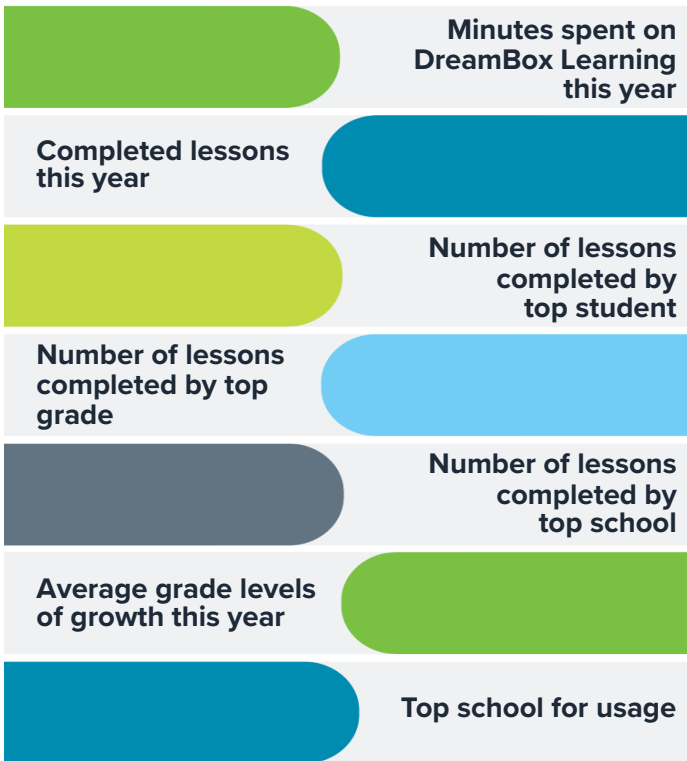

DreamBox Learning™ is on a mission to radically transform the way the world learns. The DreamBox team believes all children can excel at learning no matter where they live, who they are, or how they learn. Our district's partnership with DreamBox makes us part of a community of empowered educators who can quickly provide differentiated instruction and personalize learning so individual student's needs are met. Together, we celebrate our success. Below are ways that our organization has used DreamBox to drive learning. These efforts have accelerated student growth and helped motivate students to become lifelong learners.

## We made amazing progress with DreamBox Learning!

## In addition,
